

BUSINESS ADMINISTRATION

Specialization: Project Management

ABOUT THIS DEGREE PROGRAM

BUSINESS CORE

A FOUNDATION IN BUSINESS

This program features a series of essential Business Core courses to help build interdisciplinary skills critical to workplace success. These courses

introduce students to key disciplines that support business careers and cover concepts related to general business principles, including accounting, marketing, management and the analytic skills that inform business decision-making.

The Business Core coursework introduces students to contemporary workplace applications. In each course, the learning experience is enhanced through activities that help students apply the course material, while shaping future education and career choices.

A PROGRAM TO FUEL YOUR FUTURE

In addition to a foundation in business skills such as accounting, finance, and data analysis, this specialization will allow you to explore the many aspects of planning, scoping, monitoring and managing projects including business analysis, project planning, risk management, project communications, and resource and cost management.

IS THIS PROGRAM FOR YOU?

If you want to identify and analyze stakeholder and project requirements, develop comprehensive project plans, identify and allocate resources, identify risks and develop project communications plans, this may be the program for you.
